### Code of Ethics for the Town Council of the Town of Seven Devils, North Carolina

#### **PREAMBLE**

**WHEREAS**, the Constitution of North Carolina, Article I, Section 35, reminds us that a "frequent recurrence to fundamental principles is absolutely necessary to preserve the blessings of liberty," and

**WHEREAS**, a spirit of honesty and forthrightness is reflected in North Carolina's state motto, Esse quam videri, "To be rather than to seem," and

**WHEREAS**, Section 160A-86 of the North Carolina General Statutes requires local governing boards to adopt a code of ethics, and

**WHEREAS**, as public officials we are charged with upholding the trust of the citizens of Seven Devils, and with obeying the law,

**NOW THEREFORE**, in recognition of our blessings and obligations as citizens of the State of North Carolina and as public officials representing the citizens of the Town of Seven Devils, and acting pursuant to the requirements of Section 160A-86 of the North Carolina General Statutes, we the Town Council do hereby adopt the following General Principles and Code of Ethics to guide the Town Council in its lawful decision-making.

#### GENERAL PRINCIPLES UNDERLYING THE CODE OF ETHICS

- The stability and proper operation of democratic representative government depend upon public confidence in the integrity of the government and upon responsible exercise of the trust conferred by the people upon their elected officials.
- Governmental decisions and policy must be made and implemented through proper channels and processes of the governmental structure.
- Board members must be able to act in a manner that maintains their integrity and independence, yet is responsive to the interests and needs of those they represent.
- Board members must always remain aware that at various times they play different roles:
  - As advocates, who strive to advance the legitimate needs of their citizens
  - As legislators, who balance the public interest and private rights in considering and enacting ordinances, orders, and resolutions
  - As decision-makers, who arrive at fair and impartial quasi-judicial and administrative determinations
- Board members must know how to distinguish among these roles, to determine when each role is appropriate, and to act accordingly.
- Board members must be aware of their obligation to conform their behavior to standards of ethical conduct that warrant the trust of their constituents. Each official must find within his or her own conscience the touchstone by which to determine what conduct is appropriate.

### **CODE OF ETHICS**

The purpose of this Code of Ethics is to establish guidelines for ethical standards of conduct for the Town Council and to help determine what conduct is appropriate in particular cases. It should not be considered a substitute for the law or for a board member's best judgment.

**Section 1**. Board members should obey all laws applicable to their official actions as members of the board. Board members should be guided by the spirit as well as the letter of the law in whatever they do.

At the same time, board members should feel free to assert policy positions and opinions without fear of reprisal from fellow board members or citizens. To declare that a board member is behaving unethically because one disagrees with that board member on a question of policy (and not because of the board member's behavior) is unfair, dishonest, irresponsible, and itself unethical.

Board members should endeavor to keep up to date, through the board's attorney and other sources, about new or ongoing legal or ethical issues they may face in their official positions. This educational function is in addition to the day-to-day legal advice the board may receive concerning specific situations that arise.

Board members should endeavor to keep up to date, through the board's attorney and other sources, about the most pertinent constitutional, statutory, and other legal requirements with which they must be familiar to meet their legal responsibilities.

**Section 2**. Board members should act with integrity and independence from improper influence as they exercise the duties of their offices. Characteristics and behaviors consistent with this standard include the following:

- · Adhering firmly to a code of sound values
- Behaving consistently and with respect toward everyone with whom they interact
- Exhibiting trustworthiness
- Living as if they are on duty as elected officials regardless of where they are or what they are doing
- Using their best independent judgment to pursue the common good as they see it, presenting their opinions to all in a reasonable, forthright, consistent manner
- Remaining incorruptible, self-governing, and unaffected by improper influence while at the same time being able to consider the opinions and ideas of others
- Disclosing contacts and information about issues that they receive outside of public meetings and refraining from seeking or receiving information about quasi-judicial matters outside of the quasi-judicial proceedings themselves
- Treating other board members and the public with respect and honoring the opinions of others even when the board members disagree with those opinions

- · Not reaching conclusions on issues until all sides have been heard
- Showing respect for their offices and not behaving in ways that reflect badly on those offices
- · Recognizing that they are part of a larger group and acting accordingly
- Recognizing that individual board members are not generally allowed to act on behalf of the board but may only do so if the board specifically authorizes it, and that the board must take official action as a body

**Section 3.a.** Board members should avoid impropriety in the exercise of their official duties. Their official actions should be above reproach. Although opinions may vary about what behavior is inappropriate, this board will consider impropriety in terms of whether a reasonable person who is aware of all of the relevant facts and circumstances surrounding the board member's action would conclude that the action was inappropriate.

**Section 3.b.** If a board member believes that his or her actions, while legal and ethical, may be misunderstood, the member should seek the advice of the board's attorney and should consider publicly disclosing the facts of the situation and the steps taken to resolve it (such as consulting with the attorney).

**Section 4.** Board members should faithfully perform the duties of their offices. They should act as the especially responsible citizens whom others can trust and respect. They should set a good example for others in the community, keeping in mind that trust and respect must continually be earned.

Board members should faithfully attend and prepare for meetings. They should carefully analyze all credible information properly submitted to them, mindful of the need not to engage in communications outside the meeting in quasi-judicial matters. They should demand full accountability from those over whom the board has authority.

Board members should be willing to bear their fair share of the board's workload. To the extent appropriate, they should be willing to put the board's interests ahead of their own.

Section 5. Board members should conduct the affairs of the board in an open and public manner. They should comply with all applicable laws governing open meetings and public records, recognizing that doing so is an important way to be worthy of the public's trust. They should remember when they meet that they are conducting the public's business. They should also remember that local government records belong to the public and not to board members or their employees. In order to ensure strict compliance with the laws concerning openness, board members should make clear that an environment of transparency and candor is to be maintained at all times in the governmental unit. They should prohibit unjustified delay in fulfilling public records requests. They should take deliberate steps to make certain that any closed sessions held by the board are lawfully conducted and that such sessions do not stray from the purposes for which they are called.

**Censure Procedures.** If a majority of the board has reason to believe that one of its members has violated a provision of this Code of Ethics, it may open an investigation into the matter to determine whether probable cause exists to initiate censure proceedings against the member. All information compiled, including the grounds for any finding of probable cause, shall be shared with the member when it is received. All information pertaining to the case shall be open to public inspection and copying pursuant to the North Carolina public records statutes. If upon investigation the board concludes that a violation of a criminal law may have occurred, it shall refer the matter to the local district attorney.

Should the board determine by a two-thirds majority that it wishes to proceed further with censure proceedings, it shall call for a quasi-judicial hearing, to be held at a regular meeting or at a special meeting convened for that purpose. Notice of the hearing stating its time, place, and purpose shall be given once a week for two successive calendar weeks in a newspaper having general circulation in the jurisdiction. The notice shall be published the first time not less than 10 days nor more than 25 days before the date fixed for the hearing. In computing such period, the day of publication is not to be included but the day of the hearing shall be included. Alternatively, the hearing shall be advertised on the jurisdiction's website for the same period of time, up to and including the date of the hearing. The notice shall state that a detailed list of the allegations against the member is available for public inspection and copying in the office of the clerk or secretary to the board.

The hearing shall be convened at the time and place specified. The hearing and any deliberations shall be conducted in open session in accordance with the North Carolina open meetings statutes.

The accused board member shall have the right to have counsel present, to present and cross-examine expert and other witnesses, and to offer evidence, including evidence of the bias of any other board member or the presiding officer. An audio recording of the proceedings shall be prepared. Any and all votes during the hearing shall be taken by the ayes and noes and recorded in the board's minutes.

Once the hearing is concluded, it shall be closed by vote of the board. The presiding officer shall next entertain a motion to adopt a nonbinding resolution censuring the member based on specified violations of the code of ethics. Any motion made must be an affirmative one in favor of adopting a nonbinding resolution of censure. If the motion or resolution does not state particular grounds for censure under the code of ethics, the presiding officer shall rule it out of order.

If a motion to adopt a nonbinding resolution of censure stating particular grounds under the code of ethics has been made, the board shall debate the motion. The accused board member and any other board members who have been removed from participation because of bias or self-interest may remain present, but shall not be allowed to participate in the debate or vote on the motion to adopt the resolution.

At the conclusion of the debate, the board shall vote on the resolution. If the motion to adopt the nonbinding resolution of censure is approved by a two-thirds vote of those present and voting, a quorum being present, the motion passes and the nonbinding resolution of censure is adopted.

The text of the nonbinding resolution of censure shall be made a part of the minutes of the board. Any recording of the board's proceedings shall be approved by the board as a permanent part of the minutes. The proceedings shall then be considered concluded, the board having done all it legally can with respect to the matter in question.

I bring to the table a robust professional background and a strong connection to our community. I served as the Chief Information Officer of HAECO Americas in Greensboro, NC, from 2003 to 2022. HAECO is a \$380 million third-party aviation maintenance provider and aircraft component manufacturer that employs thousands of people around the country. In 2022, I took on the role of Chief Information Officer at Empire Auto Parts, a rapidly growing, private equity-backed aftermarket auto parts distributor with over 600 employees and revenues exceeding \$200 million.

I was born and raised in the Appalachian Mountains of Eastern Kentucky, and I have always had a special love for the mountains' natural beauty. After purchasing a home on Skiview Road in 2019, I quickly recognized the need to be involved in the community and protect everything that makes Seven Devils Special. I have served on the Planning Board and Board of Adjustment since 2020 and on the Public Works Committee since 2022.

My primary focus as a committee member aligns with the Seven Devils Vision Statement: to preserve and enhance the unique and irreplaceable natural beauty of Seven Devils and to maintain its character as a community centered around owner-occupied, single-family homes. I have been an outspoken critic of recent attempts to over-populate and commercialize our town and will continue to be vigilant against such actions. I intend to work closely with the community to improve infrastructure and enrich the Seven Devils experience for residents.

I love this community and will do whatever I can to enrich and protect it.

# Town of Seven Devils Planning Board Minutes November 21, 2023

The Seven Devils Planning Board met on Tuesday, November 21, 2023, at 5:30pm at Town Hall.

Planning Board members in attendance included: Richard Blonshine, Jim Jones, Stuart Ryan, Joan Streightiff and John Wells IV.

Members absent: Walt Hogan & Mark Williams

Staff attendance included: Eddie Barnes, Zoning Administrator and Johnathan Harris, Town Manager; Hillary Gropp, Town Clerk recorded the minutes.

### Call to Order

Chairperson Jones called the meeting to order at 5:30pm.

### Approve Minutes - June 20, 2023

Member Blonshine made a motion to approve the Planning Board minutes of June 20, 2023; Member Streightiff seconded the motion. All members agreed.

### **Old Business**

### A. Nuisance Ordinance - Increased Fines

### (i) Trash Violations

Town Manager Harris explained the Nuisance Ordinance – Article 6.7 lists the penalties for trash violations and increasing fines for subsequent violations; these penalties/fines are set by NC statute. There have been several incidences of trash violations, and the owner does not comply with the trash cleanup, preferring the fine be sent for payment; this has been a reoccurring pattern by owners of short term rentals/absentee owners. Town Manager Harris requests the cleanup fee be increased from \$100 to higher for when the police/staff need to perform the cleanup and to deter the pattern and encourage owners to take measures of cleanup and installation of bear proof trash receptacles.

Member Blonshine asked if the \$100 fee increases with each violation. Town Manager Harris replied no, it is a \$100 cleanup fee no matter how many times a violation is issued.

Member Streightiff stated the Planning Board reviewed the increased fee at the June 20, 2023, meeting. Town Manager Harris confirmed this is true, but the recommendation has yet been sent to the Town Council, so it is being reviewed again by the Planning Board tonight.

Member Streightiff inquired what dollar figure is acceptable? At the June Planning Board meeting, a \$300 cleanup fee was discussed. Town Manager Harris will accept whatever recommendation of the Planning Board but asked the increase to be significant as a deterrent.

Member Blonshine inquired about the cost of hiring someone? No reply.

Chairperson Jones inquired about the increasing penalty violations, if they are affected. Town Manager Harris explained the penalty list and violations remain the same – written/verbal warning and increasing fines, the request tonight is for the separate cleanup fee of \$100 to be increased.

Member Ryan asked who receives the cleanup fee? Town Manager Harris replied it is deposited to the Town general fund.

Member Wells asked for clarification, is there a tier? Is the cost of the first cleanup fee to be \$100 and subsequent cleanups to be increased to more? Town Manager Harris replied it is whatever the Planning Board decides as a recommendation.

Member Ryan stated the goal should be to penalize, so an owner will install a bear proof trash can. Chairperson Jones stated the decision the Planning Board needs to make is what the cleanup fee should increase to?

Member Wells suggested increasing the cleanup fee to \$500. Member Streightiff agreed, a \$500 cleanup fee is high and should cause some owners to consider an alternative. Member Ryan agreed, as an owner might install a bear proof trash can. Town Manager Harris would prefer owners to take the steps of installing a bear proof trash can, instead of issuing violations and fees.

Member Streightiff made a motion to increase the cleanup fee to \$500 and forward this recommendation to the Town Council; Member Wells seconded. All members agreed.

### (ii) Fire Pits

Zoning Administrator Barnes provided an update from the Tabled Item – Fire Pits of Planning Board meeting in June. A discussion occurred with Zoning Administrator Barnes and Fire Chief Millsaps about additional language for firepits.

10.2(1). All non-gas firepits shall be required to submit an application to the Town of Seven Devils. Upon receipt of the application the Fire Chief or his designee shall conduct a site inspection to determine if the application meets the requirements of Article 10.2 (2-11). After the issuance of a permit the firepit may be periodically inspected to ensure compliance with said requirements.

Zoning Administrator Barnes stated this applies to wood burning firepits only, not gas firepits.

Chairperson Jones inquired if gas firepits would require inspection at completion by the Town. Zoning Administrator Barnes replied no, but the propane gas provider does safety inspections.

Chairperson Jones asked about the details of the inspection, it will provide review of build, distance and size of the firepit. Town Manager Harris agreed.

Member Streightiff asked about existing firepits, if this will apply to those locations. Town Manager Harris stated the requirement cannot be retroactive to previously built firepits and the Town cannot trespass to inspect firepits. Efforts will be made to educate the citizens about firepits and inspections available for safety.

Member Streightiff made a motion to approve the recommend the language in 10.2.(1); Member Blonshine seconded the motion. All members agreed.

Town Manager Harris stated Article 10.3 lacks language and a fine for violations during a Fire Ban. 10.3 Violation of \$500 during burn ban.

Discussion occurred about the methods currently utilized to alert citizens of burn ban including sign at entrance at the Town of Seven Devils, website, subscribe notifications, social media as well as distribution from media outlets such as newspaper and news stations. The current burn ban affects many counties. Discussion occurred about additional illuminated signage for citizens/tourists.

Member Streightiff asked if the \$500 fine should be higher or increasing due to the dangerous situation. Town Manager Harris stated the fine

limit cannot exceed \$500. Fines are issued to the owners of a location, not tourists.

Member Blonshine made a motion to approve and recommend the \$500 Violation fine; Member Wells seconded the motion. All members agreed.

### **New Business**

### A. Amend Unified Development Ordinance (UDO) - Construction time frame

Zoning Administrator Barnes reported that the current time frame of two (2) years for construction needs reconsideration. Post covid has caused supply chain disruptions, labor shortages and in this region the weather is also a consideration for delay. Zoning Administrator Barnes explained two recently newly built homes exceeded the 2 year time frame, causing a violation and increasing daily fine of \$250.00 for each day that exceeds the time frame. The recommended UDO edits are as follows:

- Exterior construction shall be completed within 18 months 2 years after construction begins.
- All buildings and structures shall be completed within 2 years 30 months.

This request shall give additional time, and permits (grading, driveway, etc.) can be obtained in phases prior to the zoning permit that work favorably with the builder/owner to decrease the chances of exceeding the construction time frame.

Discussion occurred among Planning Board members about editing the UDO with this recommendation or to give the Zoning Administrator the ability to decide based on individual circumstances.

Zoning Administrator Barnes asked for consideration of this recommendation, therefore removing any

arbitrary decision on part of staff. This recommendation will be applied to all permits upon approval. Zoning Administrator Barnes stated the appeals process is available with the Board of Adjustment.

Member Streightiff asked for clarification that this new time frame differs from previously established by extending at the front end of the permit process to equal a total of 30 months going forward.

Zoning Administrator Barnes agreed.

Member Ryan asked what is the policy of other towns? Zoning Administrator Barnes offered no reply, as he did not research the policies of other towns.

Zoning Administrator Barnes did report that in North Carolina any construction project that is idle/ceases construction for 12 months, the building permit becomes invalid and must be reissued. Member Blonshine stated his concern is when building materials have been delivered to the construction site and not used in a timely manner; it is unsightly and dangerous. Town Manager Harris replied if construction materials are not in the road, there's no violation.

Member Wells made a motion for the following recommendations to amend the Town's UDO; Member Streightiff seconded the motion. All members agreed.

- Exterior construction shall be completed within 18 months 2 years after construction begins.
- All buildings and structures shall be completed within 2 years 30 months.

The recommendations will be sent to the Town Council and a future public hearing will be held.

### B. Update Comprehensive Land Use Plan (CLUP)

Zoning Administrator Barnes reported that the Town's CLUP is required to be reviewed every five years by the Planning Board. The current CLUP was amended in 2018, therefore this will be an item of business to occur within the next several months, and estimated goal of completion sometime in 2024. Zoning Administrator Barnes further explained the Planning Board will review and provide recommendations to the Town Council, but the final authority on changes/updates is the decision of the Town Council.

Zoning Administrator Barnes reviewed the CLUP with the Planning Board with suggestions as follows: The CLUP is a guiding document to help steer the future direction of the Town of Seven Devils. Although the plan is an essential part of the land-use planning process and is required by the State of North Carolina as part of the land-use planning process, it is non-binding and has no actual enforcement elements. However, it can guide the town in the legislative process of developing land-use ordinances.

- 1) Make no changes, except update the demographics (population, housing numbers, permits trends).
- 2) Send survey to residents asking the following questions:
  - Are you familiar with the Town of Seven Devils CLUP?
  - Are you satisfied with the current CLUP?
  - What changes would you like to see in the CLUP?
- 3) Make recommendations based on the survey and then submit to the Town Council for adoption.

This process can involve citizen input up front and then a public hearing prior to the Town Council decision.

Member Wells stated he is in favor of surveying the citizens. Other members were in agreement. Zoning Administrator Barnes reminded them the CLUP is not an enforcement document, but a recommendation document. The Town's UDO is an enforcement document.

Chairperson Jones suggested the Planning Board meet again and to include new incoming members in January, but to begin the citizen survey soon. Zoning Administrator Barnes replied once the Planning Board decides on questions for the survey, the process can begin.

Mayor Fontaine was in attendance in the audience and asked to make a statement.

The Planning Board members allowed it. Mayor Fontaine stated that citizen input is important, and the trend of short-term rentals (STR) is changing the town. Be aware of what can or cannot be applied to STR.

### Citizens Comments

**Sarah Manning** – Asked if the CLUP review will include a review of the Town's Vision statement? Zoning Administrator Barnes replied the vision statement is part of the CLUP.

Mary Ballinger - Asked questions or made comments about the following:

- How are trash violations notified to an owner? The police review and notify the owner.
- Is there a fee for fire pit inspections, or free? No fee, as compliance is the goal.
- Consideration should be given about outdoor fireplaces and overhanging trees/combustible materials that is a fire hazard.
- Surveys for the CLUP can be done in phases to provide improved guidance.

### **Planning Board Comments**

Member Ryan stated the agenda should include citizen's questions, not just comments.

Member Ryan spoke about Planning Board items from the April 2023 meeting and the passing of the Alternate Energy Ordinance as a very positive action.

Member Ryan spoke about Article 13 – Recreational Vehicles Prohibited and his frustration with the process of communicating with staff, whether current or prior and to date it has not been adequately addressed to his satisfaction. He stated the Planning Board sets policy, not staff.

Zoning Administrator Barnes replied that his understanding based on verbal communication with Member Ryan, the request to review Article 13 was no longer a concern, nor an item of business. Member Ryan asked for the procedure of how to get an item of business on the Planning Board agenda. Town Manager Harris replied the Planning Board can decide what items of business to include.

# Town of Seven Devils Public Works Committee Meeting November 21, 2023

The Seven Devils Public Works Committee met on Tuesday, November 21, 2023, at 10:00am at Town Hall. Committee members in attendance: Larry Fontaine, Brad Lambert, Robert Michaud and John Wells IV. Staff attendance included: Town Manager Johnathan Harris, Public Works Director Kevin Aldridge & Bubba Russell; the minutes were recorded by Town Clerk Hillary Gropp.

Members absent: Mark Williams and Town Engineer Benjie Thomas

### Call to Order

Chair Brad Lambert called the meeting to order at 10:00am.

### Approve Public Works Minutes - April 18, 2023

Robert Michaud made a motion to approve the minutes; Larry Fontaine seconded the motion. All members agreed.

### **Citizens Comments**

Leigh Sasse - Thanked the Public Works department for fall clean up.

### **Old Business**

### A. ARP Funds

Public Works Director Aldridge reports two PRV replacements have been completed at Rocky Top & Wildcat Rocks. Town Manager Harris confirmed the ARP funds have been spent and refunded.

Discussion occurred about the status of remaining PRV replacements, as well as the need to install one additional PRV in the town.

### B. SLFRF Funds

Town Manager Harris provided an update on the Chestnut Waterline Replacement project. Bids were received and due to the higher than expected costs, the scope of work was reduced, awarded and contract is signed. The expected start date of the project is March 2024 with an estimated duration of 4-5 months. Work is verified throughout the project and refunded to the town.

Chair Lambert inquired about other old business items of the Public Works Committee.

- Are flashing lights installed on Public Works trucks and equipment for safety? Yes
- Is the kitchen project completed at the Public Works building? Yes
- What is the update on the Town's trash ordinance? The Planning Board is reviewing it tonight.

### **New Business**

### A. Future Public Works Projects

Larry Fontaine provided background information. At a recent event he attended as Mayor of Seven Devils, he engaged in a conversation with Representative Ray Pickett about funds available to municipalities for projects. Representative Pickett asked for a list of projects and needed funding to submit for request. Larry Fontaine has also learned of other funding sources for projects from Senator Ralph Hise for water projects.

Discussion has occurred with Public Works Director Aldridge, Town Manager Harris and Town Engineer Thomas to identify needs and six (6) water projects and one (1) road project totaling 8 million plus in funding.

The purpose of today's meeting is to review the list of projects identified and prioritize as needed.

Chair Lambert suggested the new PRV that was discussed earlier in the meeting be added to the list at approximate costs of \$40,000 and included in the funding request. Public Works Director Aldridge agreed and will follow up with Town Engineer Thomas to include on a project.

Chair Lambert stated this funding could be awarded in full or a portion, if at all. Without this possible funding opportunity, it would take ten years or more for the Town to budget for these projects.

Depending on the results of the requests, the Public Works Committee can reconvene again and make priority selections at a future date.

Town Manager Harris and Larry Fontaine to compose a cover letter to be accompanied with funding request. \*List of projects being submitted available by request at Town Hall.

### **Committee Comments**

Larry Fontaine asked Public Works Director Aldridge for confirmation that the Town is ready for winter weather. Aldridge confirmed, yes.

Public Works Director Aldridge stated research is being done for a webcam to be installed at the Skiview area to assist citizens with weather and road conditions in this part of the Town. Dynamics include installation of a power pole, placement of webcam TBD and funding by TDA.

John Wells commented he has dealt with many vehicles that become stranded at Skiview/Greenview/Swiss area due to dangerous road conditions. He asked about additional signage to alert drivers. He asked if the police issue violations to drivers who ignore the flashing signs warning of required AWD/4WD/Chains at the entrance to the Town. Town Manager Harris confirmed that yes, violations are issued by the police.

John Wells provided an update about a driveway located on Skiview with water runoff and causing ice.

Upon further investigation, it seems the cracks in the road cause water to freeze, therefore creating slick road conditions, not the driveway. Public Works Director Aldridge to follow up.

### **High Country ABC Board Meeting Minutes**

October 25, 2023 at 5:00 pm ABC Store

The High Country ABC Board (Board) held its monthly meeting on Wednesday, October 25, 2023 at 5:00 pm. Board Chair Robin Dunn; Board Member Anne Fontaine; Board Member Winston Ammann; Alternate Board Member Rob Corn; Alternate Board Member Leigh Sasse; Alternate Board Member David Miller and General Manager Bonnie Betz were present.

In advance of the meeting, Board Chair Robin Dunn read the following conflict of interest statement: "In accordance with 18B-201, it is the duty of every Board Member to avoid both conflicts of interest and appearances of conflicts. Does any Board Member have any conflicts of interests or appearances of conflicts with matters coming before the Board today?" Hearing none, the meeting commenced.

Upon a motion duly made by Anne Fontaine and seconded by Winston Ammann, it was voted to approve the October 25, 2023 agenda. Upon a motion duly made by Winston Ammann and seconded by Anne Fontaine, it was voted to approve the minutes of the September 21, 2023 Board meeting.

The General Manager reported that total sales for the month of September were \$477,205 which was up \$24,448 from last September's sales of \$452,757. Retail sales for September were \$352,167 up \$17,278 over last year sales of \$117,868. Mixed beverage sales for September were up \$7,170 for sales of \$125,038.

The General Manager reported that the available balance in the business checking account at Mountain Community Bank was \$486,429. The available balance in the Mountain Community Bank money market account is \$101,480. The First National Bank checking account has a remaining balance of \$27,058.

The budget line items that the General Manager would like to amend at this time is:

Line Item	Current Budget An	nt Add/Sub	New Amount
Bank Charges	\$545	+\$1300	\$1845
Contingency	\$13,366	-1300	\$12,066

The General Manager spoke with Debbie at the CPA office and asked to add a line item to the financial report and name it Audit so that the \$6500 audit cost which currently is shown under Legal and Professional will be separated so as not to skew the budget percentage amount. The budget already has a line item for Audit. She also asked to modify the GL account Maintenance & Repairs in QuickBooks and add "building" to it. Once done, some building repair items currently being shown in Maintenance-repairs-equipment should be moved to the Maintenance & Repair-building. This will correctly reflect the affected percentage rates on the financial worksheet.

### Old Business:

The General Manager gave the Towns their first quarter disbursement checks and a separate check for the additional \$6,000 that should have been paid out in year 22-23. The Town Managers were pleasantly surprised but didn't have any questions.

We have had two liquor truck deliveries since the installation of the industrial ramp discussed in the September meeting minutes, and it has helped greatly in the efficiency of unloading the truck. No update yet from the property manager regarding enclosing the back of the building.

**New Business:** 

Club 12 submitted their first quarter report for the 2023/2024 grant.

Upon a motion duly made by Anne Fontaine and seconded by David Miller, it was voted to approve to move the Jumbo CD that matured with \$155,299 at First National Bank into the 9-month FLEX CD at the rate of 4.5%.

The General Manager reminded the Board that the ABC store will be closed on Thursday, November 23 for Thanksgiving.

The General Manager informed the Board that the 19th of this month was employee Kelsey Hayes three-year anniversary with the store. She is and has continued to be a great asset for the store. She has expressed interest in advancing to the assistant management role whenever it becomes available.

There were no citizens in attendance.

The next scheduled board meeting will be on Thursday, November 16, 2023 at 5:00 pm.
