

Blue Route—East—1.1 Miles  

This walk will take you past attractive mountain homes, and you will enjoy seeing beautifully landscaped yards. You will also see wooded valleys and views of distant mountains. There is a short, fairly steep climb at the beginning of the walk, but after you reach the intersection of Wildcat Rocks Road and Knob Hill Lane, the remainder of the walk is composed of more moderate ups and downs. The loop of Wildcat Rocks Road and Highcliff Circle may be walked either clockwise or counterclockwise.

Park behind Town Hall and walk up the hill to turn left on Wildcat Rocks Road to begin your walk.
