

ECHO Newsletter

The Echo Newsletter comes out seasonally. When new editions are released, it will be posted on the Town Website, Town Facebook, and paper copies will be available at Town Hall and at the Seven Devils Community Center. For Town Water Users the Echo Newsletter is included with Town Water Bills Mailings. Individuals who have electronic water billing will receive an electronic copy.

You may be asking yourself, “What exactly *is* the ECHO?”

Good question! The Echo includes information from various departments and committees in the Town. We also include information of general interest to residents about personnel changes, Town policies, meetings, and anything else that arises that we believe would be beneficial.
